

Women Development Cell

Gender parity is no longer a silent subject but a fundamental human right, necessary for the foundation of a peaceful, prosperous, and sustainable India. The establishment of the Women Development Cell (WDC) of Swami Shraddhanand College, in the year 2011 was indeed a landmark achievement for the college in pursuance of the policies of women empowerment, with an aim to build a gender sensitive campus. The cell has been working actively for the intellectual and social upliftment of the female students, and facilitating institutional support for their holistic development.

As a nodal unit, the Women Development Cell with the motto of “**Educate and Empower**” formulates plans, policies, and awareness programmes; organizes training, conferences, guest lectures, workshops, boot camps on socio-political aspects of gender discourse, and welfare activities in collaboration with both governmental and non-governmental organizations.

Aim and objectives of WDC in SSN campus is to provide and maintain a dignified, congenial working environment for women employees (including teaching, non-teaching, and contractual workers) and students, where they can work, study, and explore their potential to the fullest.
