

**Swami Shraddhanand College**  
**University of Delhi**  
**Enabling Unit**  
**Infra Structure Report for NAAC 2023**

The Enabling unit was established in the college in the year 2009. Since then, it has been engaged in various activities related to the wellbeing of physically challenged students and teachers.

As per the guide lines of 12<sup>th</sup> plan, the unit must help the college in constructing an accessible infra structure which may include construction of lifts, making of ramps, hand rails, tactile paths, disabled friendly toilets and other required facilities which would enable physically challenged students and teachers to use college infra structure properly.

The college building at present is equipped with following facilities related to accessible infra structure for physically challenged students and teachers. There are three ramps at different locations in the building, three disabled friendly toilets in all three floors of the building, two hand rails in two main stair cases and a computer laboratory with accessible computer hard ware and soft ware.

Detail of the above said facilities with photo graphs is as follows-----

1. Ramp at the entrance of college building
  
  
  
  
  
  
  
  
  
  
2. Ramp at the back side of building, connecting main building to sports complex
  
  
  
  
  
  
  
  
  
  
3. Ramp at the outside windows of Administrative block

4. Accessible Toilet at the ground floor
  
5. Accessible toilet at the first floor
  
6. Accessible toilet at the second floor
  
7. Hand rail in the main stair case just in front of Principal's Office
  
8. Hand rail in the back side stair case near the Administrative Block
  
9. Accessible Computer Lab at the ground floor
