12. **Sunil Kumar Srivastava** and A. Varma. 1989. Interaction between viruses and other microbes in relation to plants In. Plant Microbe interactions. **Narendra Publishing House**, New Delhi, India

E-chapters

1. Viruses
2. Microbial Genomics

Invited Talks/Oral/Poster Presentations in Conferences

1. Delivered a Plenary talk on Studies of the Expression of PDL-1, PD-1 and Beta Catenin signaling pathways and their Relevance in Immunotherapy and Identification of Therapeutic Targets in Sebaceous Gland Carcinoma Patients. In the Global Immunology Summit-2025 jointly organized by THSTI and BRIC-DBT on Feb 15,2025 at THSTI.
2. Gave an Invited talk on Current Innovations in Nanoplatform for Vaccine Development. In the International Conference-Role of Biotechnology in Biological Sciences: striving for a sustainable Future(RBBS 2025) jointly organized by International Society for Microbial Ecology, Miranda House, Jamia Hamdard ,Sri Venkateshwara College and Kirori Mal College February 8,2025 at Miranda House
3. Gave an oral paper presentation entitled: Sebaceous Gland Carcinoma studies for the expression of PDL-1, PD-1, Beta Catenin signaling pathways and identification of therapeutic targets in Indian patients. In an International Conference cum 6th Annual Congress of Immuno-Oncology Society of India(I-OSICON-2025) at Bhubaneshwar, Jan 31st -Feb 2,2025.
4. Gave another oral paper presentation entitled: To determine the role of COX2 and other allied factors in Squamous Cell Carcinoma. In an International Conference cum 6th Annual Congress of Immuno-Oncology Society of India(I-OSICON-2025) at Bhubaneshwar, Jan 31st -Feb 2,2025.
5. Gave an invited talk on Plant Viral Nanoparticle Technology as Public Health Platforms for Diagnostics, Vaccines and Therapeutics in Pandemic Preparedness. In An International Conference on Innovations in Biotechnology for Sustainability (IBS-2024) at the Convention Center JNU, New Delhi, Nov.23-24,2024.
6. Presented a paper entitled- Computational Insights into Novel Cas Proteins and Anti- CRISPR Interactions: Advancing Phage Therapy against CRISPR equipped Bacteria to tackle AMR. In An International Conference on Innovations in Biotechnology for Sustainability (IBS-2024) at the Convention Center JNU, New Delhi, Nov.23-24,2024.
7. Delivered an invited talk on -Nano Biotechnological Platforms for the Production of Diagnostics Vaccines and Therapeutics in Public Health by deploying Plant Viral Nanoparticles. In an International Conference on Reproductive Sciences and Molecular Medicines (ICRSMM-2024) organized by the Zoology Department, DU and held at the University of Delhi, Nov 15-17,2024.
8. Co-presented a poster entitled HIV- Current Studies on Viral Evolution, Treatment and Prevention based on Genomics, Proteomics, Artificial Intelligence, Anti -Retroviral Therapy and Vaccination. In the International Conference on Reproductive Sciences and Molecular Medicines (ICRSMM-2024) organized by the Zoology Department, DU and held at the University of Delhi, Nov 15-17,2024.
9. Co-presented a poster entitled An Appraisal of HIV Associated Infections and Kaposi Sarcoma. In the International Conference on Reproductive Sciences and Molecular Medicines (ICRSMM-2024) organized by the Zoology Department, DU and held at the University of Delhi, Nov 15-17,2024.
10. Co-presented a poster entitled Sexually Transmitted Hepatitis C Virus (HCV) causing Cancer. International Conference on Reproductive Sciences and Molecular Medicines (ICRSMM-2024) organized by the Zoology Department, DU and held at the University of Delhi, Nov 15-17,2024.
11. Co- presented a poster entitled Hepatitis B Virus (HBV) – A Sexually Transmitted Oncogenic Virus. by the Zoology Department, DU and held at the University of Delhi, Nov 15-17,2024. In the International Conference on Reproductive Sciences and Molecular Medicines (ICRSMM-2024) organized by the Zoology Department, DU and held at the University of Delhi, Nov 15-17,2024.
12. Co -presented a poster entitled Sexually Transmitted Human Papilloma Virus (HPV) The causative agent of Cervical Cancer. In the International Conference on Reproductive Sciences and Molecular Medicines (ICRSMM-2024) organized by the Zoology Department, DU and held at the University of Delhi, Nov 15-17,2024.

13. Co-presented a poster entitled Osteosarcoma: Current Perspectives & Future Directions in Bone Cancer Research (**Won First Prize**). In the International Symposia on Bone Health “ISBH-2024” held on 9th Nov. 2024 at AIIMS, New Delhi.
14. Co-presented a poster entitled Ewing Sarcoma: A Global Perspective on Incidence treatment Modalities and Prognostic factors in Bone Cancer (**Won Second Prize**). In the International Symposia on Bone Health “ISBH-2024” held on 9th Nov. 2024 at AIIMS, New Delhi.
15. Co-presented a poster entitled Understanding Multiple Myeloma & its Impact on Bone Health. In the International Symposia on Bone Health “ISBH-2024” held on 9th Nov. 2024 at AIIMS, New Delhi.
16. Co-presented a poster entitled Secondary Bone Cancers. In the International Symposia on Bone Health “ISBH-2024” held on 9th Nov. 2024 at AIIMS, New Delhi.
17. Co presented a poster entitled Chondrosarcoma: Clinical features, Diagnosis & Current Therapeutic Approaches. . In the International Symposia on Bone Health “ISBH-2024” held on 9th Nov. 2024 at AIIMS, New Delhi.
18. Co-presented a poster entitled Benign Bone Cancer: Epidemiology, Regional Trends & Diagnostic Advances. in the International Symposia on Bone Health “ISBH-2024” held on 9th Nov. 2024 at AIIMS, New Delhi.
19. Co-presented a poster entitled Applications of Alpha Fold- An innovative AI Technology for Advancing the Basic & Applied Microbiology (**Won Second Prize**).In Microblaze’, Technical Festival at Shaheed Rajguru College of Applied Sciences for Women, University of Delhi on 24th Oct. 2024.
20. Co presented a poster entitled Applications of AI in Microbiology. Microblaze’, Technical Festival at Shaheed Rajguru College of Applied Sciences for Women, University of Delhi on 24th Oct. 2024.
21. Delivered a Key note lecture on Applications of AI in Mushroom Research. Also chaired the session on AI in the India Mushroom days’ 24 held at the Multipurpose Sports Complex, University of Delhi, 5th Oct. 2024.
22. Gave a lead talk on Mushrooms & Cancer. Also chaired the session in the in the India Mushroom days’ 24 held at the Multipurpose Sports Complex, University of Delhi, 6th Oct. 2024.
23. Gave an Invited Talk on AI for Human Health In: AI & Knowledge Management. Academic-Industry Summit, 14th August, 2024 held at India International Centre, New Delhi
24. Delivered an invited talk on the occasion of International Immunology Day (29 April, 2024) entitled: Vaccine Technology-Transforming Bharat into a Vaccine Super Power at Swami Shraddhanand College, organized by the Department of Environmental Sciences.
25. Gave an expert invited talk on Basics and Advances of Vaccine Technology during the Add on Refresher Course on Research in Higher Education, at Swami Shraddhanand College on 26 April, 2024.
26. Gave an expert invited talk on: Latest Technological Advancements in Genome Editing, Immunotherapy and Vaccinology during the MICROZEST festival organized by the Dept. of Microbiology. Swami Shraddhanand College on 23 April, 2024.
27. Gave an invited talk on Tackling Global Health Challenges like Pandemic Preparedness, Sustainability and Health Inequity by the use of Virus like Particles and Viral Nanotechnology Platforms on 5 April, 2024 in the 8th International Conference of Indian Network for Soil Contamination Research along with the 4th International Symposium on Ciliate Biology held at Conference Center, University of Delhi, 3-5, April, 2024.

28. Chaired a session on Immunotherapy of Cancer in the 8th World Cancer Congress held at AIIMS/JNU on March 19, 2024.
29. Presented a paper on the Role of COX 2 in Squamous Cell Carcinoma in the 8th World Cancer Congress held at AIIMS/JNU on March 19, 2024.
30. Delivered a Keynote Talk on- Latest Cutting Edge Advancements in Infectious Diseases, Cancer, Gene Cell Therapy and Drug Discovery at the 2nd Multidisciplinary International Conference at MVN University, Palwal on 14th March, 2024.
31. Delivered the Golden Mushroom Oration Award entitled-Advancing the Mushroom Path on 20 Nov. 2023 in the International India Mushroom Summit 2023 jointly organized by the University of Delhi and Milky Way held at the Vallabbhai Patel Chest Institute auditorium, University of Delhi.
32. Gave an invited talk entitled- Addressing Public Health Challenges like Pandemic Preparedness by Viral Nanotechnology in the International Conference on Recent Advances in Nanomedical Sciences (RANMS) organized by the Institute of Nano Medical Sciences (an Institution of Eminence), University of Delhi held at the VPCI Auditorium, University of Delhi, 22-23 June, 2022.
33. Gave an invited expert talk on Microbes in Indian Tradition Knowledge Systems in the National Symposium on NEP 2020 and Indian Knowledge System organized by the IIT BHU and Bharti Uchcha Shiksha Sansthan and Seed 2 Sapling held at BHU, Varanasi, June 2022.
34. Chaired the Technical Session on Microbes and Biotechnology for Course Revision in the National Symposium on NEP 2020 and Indian Knowledge System organized by the IIT BHU and Bharti Uchcha Shiksha Sansthan and Seed 2 Sapling held at BHU, Varanasi, June 2022.
35. Gave a lead talk on Viral Vaccines: Past, Present and Future in an International Conference-World Bioscience Congress, HCST, Mathura, April 2022.
36. Gave an invited talk on Plant based generation of Virus like Particles and Expression Patterns for the Production of Vaccines, Biosimilars and Therapeutics in the International Conference of Virology VIROCON-2021 held at AIIMS, Hyderabad March 28, 2022.
37. Presented an oral paper on One Health Approach to Prevent Future Pandemics in International Conference of Virology VIROCON-2021 held at AIIMS, Hyderabad March 27, 2022.
38. Gave an invited talk on Nanomedicine for Cancer Treatment: Current Status and Future Prospects in an International Conference on “Combating Cancer: Biology to Therapy to Drug Resistance” along with an International Symposium on “Stem Cell and Cancer Research at Amity Institute of Molecular Medicine & Stem Cell Research, Noida, March 4, 2022.
39. Presented an oral paper on Can Gene Editing bring the next revolution in Agriculture and improve Nutritional Quality in 3rd International Conference on Food, Agriculture and Innovations in 2021, organized by the Agricultural and Environmental Technology Development Society.
40. Gave an invited lecture on Education and Research in NEP (2020): Challenges and Proposed Solutions in the Indian Knowledge System & NEP 2020 organized by the Department of Commerce Swami Shraddhanand College, Dec 6, 2021.
41. Gave an invited lecture on Acharaya Sir Jagdish Chandra Bose (1858-1937): A Multifaceted Visionary Scientist who made the British give up their discriminatory ways in the National Seminar on Contribution of Indian Scientists in Freedom Struggle held at Swami Shraddhanand College Nov 22, 2021.
42. Presented a keynote address entitled “Pandemics: Past, Present and Future Lessons for Public Health” jointly organized by the Public Health Foundation of India and Swami Shraddhanand College, University of Delhi, hosted on Webex on July 15, 2021.
43. Presented a lead paper entitled Utilisation of Viruses maintained in Plants for Vaccination, Cancer and Immunotherapy in the International Conference on Evolution of Viruses and Viral Diseases.

18th – 20th February, 2020 held at The Indian National Science Academy.

44. Gave an invited talk on the Use of RNA Technologies and CRISPER-Cas Gene Editing for Virus Resistant plants to meet Sustainable Goals in the 7th International Conference Phytopathology in achieving UN Sustainable Development Goals Jan 2020.
45. Applications of Viral Nanoparticles in Vaccination, Immunotherapy and Cancer Treatment. In the National Conference on Nanobiotechnology, 2019. Jointly organised by the National Institute of Immunology and Special Center for Nanoscience, JNU. 19th – 21st December 2019 held at JNU
46. Invited talk on Antibiotic Resistant Superbugs International conference and education jointly organised by The National Science Center, India and The British Museum, London, UK on 17th December 2019 at the National Science Center, New Delhi
47. Invited Talk in an International Symposium. Topic of the talk – A Narrative on a Science Documentary of the Harvard Medical School co-organised by The National Science Center, India and The Goethe Institute, Germany on 12th December 2019 at The National Science Center, New Delhi
48. Talk on Genetics of Human Pathogenic Viruses on the first day in the three-day international conference on Role of Genetics, Epigenetics, Environment and Nutrition towards Plant, Animal and Human Health under Climate Change at Hindustan College of Science and Technology, Mathura from 22nd – 24th February 2019.
49. Talk on Role of Epigenetics in Immune Response against Human Viral Infections on the second day of the three-day international conference on Role of Genetics, Epigenetics, Environment and Nutrition towards Plant, Animal and Human Health under Climate Change at Hindustan College of Science and Technology, Mathura from 22nd – 24th February 2019
50. Invited talk on Applications of Viral Nanoparticles in Medicine. Published in the proceedings of the 6th World Congress on Nano-medical Sciences. 7th – 9th January, 2019 held at Vigyan Bhawan, New Delhi.
51. Talk on Challenges in Immunity against HIV- AIDS In: International Symposium of Frontiers in Immunobiology and Immunopathogenesis held at The University of Arizona, Tucson, USA on March 9th, 2018.
52. Gave a Lead Talk on Molecular Studies of Viruses Transmitted by *Bemisia tabaci* (Genn.) In: Indo US Symposium “Curbing Whitefly-Plant Virus Pandemics held at the Punjab Agricultural University, Ludhiana, December 4th -5th, 2017.
53. Delivered the Annual Popular Science Lecture on--Infectious Microbial Diseases –Emerging Threats and Newer Challenges at National Science Centre, New Delhi, January 10th 2017.
54. Delivered lecture in VIGS 2016 on Turning Viral Foes into Friends in the Second DBT sponsored Training Course on Virus Induced Gene Silencing- VIGS-2016 at Hindustan College of Science and Technology, Mathura; Jan 2016.
55. Delivered lecture in VIGS 2016 on Advanced Tools and Techniques in Virology in the Second DBT sponsored Training Course on Virus Induced Gene Silencing- VIGS-2016 at Hindustan College of Science and Technology, Mathura; Jan 2016.
56. Chaired a technical session in the Second DBT sponsored Training Course on Virus Induced Gene Silencing- VIGS-2016 at Hindustan College of Science and Technology, Mathura; Jan 2016.
57. Presented a paper: Applications of *Piriformospora indica* in obviating saline soil conditions and promoting growth of some medicinal plants In: The Eighth International Conference on Mycorrhiza (ICOM 8) held at Flagstaff, Arizona, USA; August 2nd -7th 2015
58. Presented a paper on Can the Nanotechnological Applications in Agriculture and Health Sector Wait for the IPR Issues? Published In: Proceedings of the Indo-US International Congress cum Workshop on IPR, Amity University, Noida, 29th -31st January 2014.
59. Gave a lecture on Microbes in Human Health at the National Science Centre, New Delhi aimed at spreading awareness as to the various diseases caused by microbes and how the youth can take

- precautions to stay healthy, National Science Centre, Pragati Maidan, New Delhi, November 2013
60. Gave a lecture on VIGS – Mechanisms and Applications. HCST-DBT Short term Training Course on Virus induced gene silencing (VIGS) – A tool to study gene function in plants held at Hindustan College of Science and Technology (HCST), Mathura, during February 18th – March 4th, 2013
 61. Gave a talk on Bioinformatics Approach towards studying Viral Pathogenicity and designing Antiviral Strategies in Proceedings of National Conference on New Trends in Bioinformatics, IIT Delhi, New Delhi, 30-31 July, 2012.
 62. Presented a paper on the Applications of Viruses in Nanobiotechnology, Nanomedicine and Nanomaterials. In: Proceedings of the International Conference cum Workshop on Nanostructured Ceramics and other Nanomaterials (ICWNCN), Conference Centre, University of Delhi, 12th-16th, March, 2012.
 63. Presented a paper on Biomedical Applications of Viral Nanoparticles. In : Proceedings of the International Conference of Biotechnology Society of India, Institute of Liver and Biliary Sciences, New Delhi, 24-25, Feb, 2012.
 64. Presented a paper on Some Applications of Plant Viruses and Bacteriophages in Nanobiotechnology and Nanomedicine. Published In: Proceedings of the International Conference on Plant Biotechnology, National Science Complex, PUSA, New Delhi 22-24 Feb, 2012.
 65. Gave a talk on Multifunctional Applications of some virus-based Nanoparticles – Promises and challenges. Published In: Proceedings of the Indian German Workshop – Initiation and Intensification of Bilateral Cooperation jointly organized by Deutsche Forschungsgemeinschaft (DFG) & Amity Institute of Microbial Technology, Amity University, 22-24, March, 2011.
 66. Gave a lecture on a. Dot Immuno binding Assays of Viruses. In Workshop Proceedings of the International Association of Medical and Pharmaceutical Virologists Conference V.P. Chest Institute, University of Delhi, 3-5 March, 2011.
 67. . Immunological Assays of Viruses by ELISA. In Workshop Proceedings of the International Association of Medical and Pharmaceutical Virologists Conference V.P. Chest Institute, Delhi University, 3-5 March, 2011.
 68. Presented a paper on Some Application of viruses as Bio nanoparticles in Nanobiotechnology and Nanomedicines in the Indo-US Symposium cum Workshop on ‘Modern Trends in Macromolecular Structures jointly organized by Cornell University, USA and IIT Bombay, Mumbai 21-24 February, 2011.
 69. Gave a talk on the Viral Nanoparticles Functional Applications in Nanomedicine and Nanobiotechnology. Published in: Proceedings of the Indo Italian Workshop on Bacteria and Fungi for Environmental Sustainability, Amity University, 29-30 Nov. 2010.
 70. Presented a paper on the Present status and emerging prospects of plant viruses for food security, development of vaccines, therapeutics and nanomaterials. In: Proceedings of the Indo Japan Workshop on Bimolecular Electronics and organic Nanotechnology for Environment Preservation, NPL, New Delhi, Dec. 2009
 71. Gave a talk on the Application of plant viruses in large scale production of vaccines, drugs and nanomaterials cum targeted delivery of nanostructures. In: Proceedings of the 5th International Conference on Plant Pathology, IARI, 10-13, Nov. 2009.
 72. Gave a talk on the Application of viruses in Nanotechnology. In: Proceedings of the National Workshop cum symposium on Nanoscience –Theory and Application, JNU, 5-7 Nov. 2009.
 73. Presented a paper on the Application of Plant Viruses in alleviating poverty, for production of vaccines, drugs and programmed synthesis cum targeted delivery of nanostructures. In:proceedings of the Indo-French workshop cum conference on Nanoscience and Nanotechnology, Ansal Institute of Technology, Gurgaon, 12-16, October, 2009. This paper also won the 1st prize.
 74. Gave an invited talk on Present Status and Emerging Prospects of Plant Viruses for Food Security,

- Development of Vaccines, Therapeutics and Nanomaterials. In: Proceedings of the International Symposium on Microbial Biotechnology: Diversity, Genomics and Metagenomics, jointly organized by the Association of Microbiologists of India (AMI) & the American Society for Microbiology (ASM), Delhi University, 18 – 20 November, 2008.
75. Presented a paper on Application of Plant Viruses in Medical Sciences. In: Proceedings of the Vth Indo-Australian Conference on Medical Biotechnology, National Institute of Immunology, New Delhi, and India. February 11-12, 2008.
 76. Gave an invited talk on the Use of Plant Viruses and their Genes in the areas of Biotechnology and Nanotechnology. In: Proceedings of International Conference on Emerging and Re-emerging Viral Diseases of the Tropics and Subtropics, IARI, New Delhi, India. December 11-14, 2007
 77. Gave a talk on the Environmental and Social Challenges posed by Emerging and Reemerging Pathogens. In: Environment and Development-Challenges and Opportunities, edited by Jagbir Singh, I K International Publications, New Delhi (Proc. of the International Conference on Environment and Development, University of Delhi, India).
 78. Presented a paper on the Molecular Applications of Plant Viruses in Biotechnological Research. In: Proc. of Biotech. 2004, second conference of Biotechnology Society of India, Organised by Institute of Genomics and Integrated Biology, 13-15 Oct. 04.
 79. Presented a paper on the Applications of Biotechnological Tools in Molecular Characterisation of Plant Viruses and for Studying Host-Pathogen Interactions. In: Proc. of Biohorizon 2004- National Symposium on Biochemical Engineering and Biotechnology, IIT, Delhi, India. This paper won the third prize for best paper (abstract of the paper and certificate attached).
 80. Presented a paper on the Biotechnological Applications of Plant Viruses for Expression of Antigenic Proteins: Potential Role in the Development of Vaccines, Diagnostics and Therapeutics. In: Proceedings of 4th Annual Symposium on Frontiers in Biomedical Research, 13-15 April, 2003, Dr. B.R.Ambedkar Centre for Biomedical Research, University of Delhi, Delhi, India.
 81. Gave an invited talk on the Biological Weapons in an international conference on International Terrorism – a global perspective on 6th April 2002 held at India International Centre, New Delhi
 82. Presented a paper on the Electron Microscopy and Characterisation Studies of Cowpea Golden Mosaic Virus. In: Proceedings of 13 the Biennial Australasian Plant Pathology Conference, 24-27 September 2001, Cairns, Australia.
 83. Gave an invited talk on the Plant Viruses -A Journey from Crop Protection to Biotechnology. In: CD- ROM Proceedings of International Conference of 2nd BIOTECHNOLOGY INDIA 2000 Session - Crop Protection and Induced Resistance to Plant Disease.
 84. Gave an invited talk on Molecular Strategies for the Diagnosis, Characterization and Management of Plant Viruses. In Biotechnology India 2000, November 29-December 1, 2000, National Science Centre, Pragati Maidan, New Delhi.
 85. Presented a paper on the Studies on cloning and expression of AV1 and BV1 genes of Abutilon mosaic virus in *E.coli*. In: 14th Australasian Biotechnology Conference, Adelaide, Australia, 1998
 86. Presented a paper on the Studies on expression of AV1 and BV1 genes of Abutilon Mosaic Virus In: Proceedings of International Conference on Integrated Plant Disease Management for Sustainable Agriculture - 1PS-Golden Jubilee, 10-15 November, 1997, New Delhi, India.
 87. Presented a paper on the Cloning and expression of two genes of Abutilon mosaic virus (AbMV) in *E. coli*. In: 16th International Congress of Biochemistry and Molecular Biology. 19-22nd September 1994. New Delhi
 88. Presented a paper on the Isolation, purification and characterization of the causative virus of cowpea golden mosaic -a serious tropical disease. In: Plant Virology in the Tropics, Association of Applied Biologists and British Society for Plant Pathology Meeting, University of York, York, U.K. 9th -10th April, 1992
 89. Presented a paper on the Isolation and Characterization of Cowpea golden Mosaic Virus- a serious problem in the tropics. In the Proceedings of the International Conference of Virology in the

- Tropics, held at NBRI, Lucknow, December 1991.
90. Gave a talk on the Biotechnological approaches for the detection, identification and characterization of cowpea viruses. In: BIOTEK 39;90 (2nd International Conference on Biotechnology), New Delhi, 10th - 13th December 1990.
 91. Presented a paper on the Characterization and epidemiology of cowpea viruses in the Delhi region. In: International Congress of Virology, ICC, Berlin, Germany, 26th August 1990.
 92. Presented a paper on the Viruses diseases of cowpea (*Vigna unguiculata* ssp. (L.) Walp.) in the Delhi region, their characterization, epidemiology and management. In: Molecular and Genetic Approaches to Plant Stress. ICGEB, New Delhi, 14th 17th February 1990.

Advanced Courses

1. Attended an Advanced Immunology Course 2025 as Faculty Jointly organized by Federation of Immunological Societies of Asia-Oceania, BRIC-DBT and THSTI held at India Habitat Center Feb 10-12,2025
2. Completed an extensive course comprising of 40 modules (online) of Advanced Bioinformatics (Feb -Oct. 2023) conducted by NCBI, NIH, CDC and the American Society of Microbiology.
3. Attended an Advanced week-long online course (Sept. 2023) on the Lessons learned from the Pandemic-Redesigning Clinical care, Research & Public Health taught by medical faculty experts from Harvard Memorial Sloan Kettering, University of Pennsylvania and Industry Experts (USA) conducted by the Virology Education Group.
4. Successfully completed Course on Gene Editing and Phage Display by the Indian Virological Society, February, 2020.
5. Successfully completed the IUIS-IIS-FIMSA course on Basic and Advanced Translational Immunology held at Medical College of the Rajasthan University of Health Sciences, Jaipur, Oct., 2019.
6. Participated in International Conference cum Course on Emerging Cellular and Immunotherapies in Haematological disorders” organized by the Delhi Medical Council at NCC Auditorium Delhi Cantt, Delhi, March 2019.
7. Completed successfully a Course on Immunology conducted by the Post Graduate Institute for Medicine, CO, USA (Feb 2018).
8. Successfully completed the course on “Bacterial Genomes I: From DNA to Protein Function Using Bioinformatics”, Wellcome Genome Campus Advanced Courses and Scientific Conferences, 2018.
9. Attended an advanced Course cum Workshop on Malaria Parasite Biology: Strategies for Drug and Vaccine Development, Organized by Institut Pasteur, Paris, France and ICGEB, New Delhi, Nov-Dec. 2017.
10. Successfully completed a course on Basic Immunology conducted by AIIMS, New Delhi, August, 2017.
11. Successfully completed a course on Biology of Global Infectious Diseases-Its intersection with Public Health conducted by The Center of Infectious Diseases Research, University of Washington ,Seattle USA, February 2017.
12. Successfully completed The International Certified Medical Education (CME) in Lymphoma Update- 2016 Organized by Rajiv Gandhi Cancer Institute and Research Centre, New Delhi March 2016.
13. Attended an international Advanced Training Course in Immunology by US, UK, Australian & Indian (AIIMS) faculty from March 2012, AIIMS, New Delhi.
14. Attended a Theoretical and Practical International Course on Protein Interaction Technologies in

Biomedical Research at International Centre for Genetic Engineering and Biotechnology, New Delhi, India from November -December, 2005.

15. Participated in the Orientation Course on Biosafety Consideration for Evaluation of Transgenic Crops, Nov., 2001 held at National Bureau of Plant Genetic Resources, New Delhi.
16. Participated in Recent Advances in Molecular Biology Course, from April - May , 2001 held at the University of Delhi.
17. Underwent Training in Plant Biotechnology- Plant Microbe Interactions at an International Course offered at the Plant Biotechnology Centre, University of Guelph, Guelph, Ontario, Canada, in 1990.

GIAN Courses-MHRD

1. Successfully completed the GIAN (MHRD) Course on “Cancer Therapy through Targeting Mammalian DNA Repair Pathways” by the Laval University, Quebec, Canada, October 2017.
2. Successfully completed the GIAN (MHRD) Course on “Global Infectious Diseases-Its intersection with Public Health” by The Centre of Infectious Diseases Research, University of Washington, Seattle USA, February 2017.
3. Successfully completed the GIAN (MHRD) Course on “Advanced Course – Concepts in Cancer Biology: Drug Discovery, Biochemical and Molecular Mechanism of Cancer Drugs, Clinical Implications”, Illinois Institute of Technology and IIT Research Institute, Chicago, USA, October 2017.

MOOC Courses

1. Successfully completed the course on Bioinformatic Methods I, Coursera, USA conducted by University of Toronto, September 2020.
2. Successfully completed the Future Learning course, UK on “Bacterial Genomes I: From DNA to Protein Function Using Bioinformatics”, conducted by Wellcome Genome Campus Advanced Courses and Scientific Conferences, 2018.

Faculty Development Program (FDP)

1. Attended a Faculty Development Program on AI- Driving Innovation in The Life Sciences; A role for AI jointly organized by the Human Frontier Science Program (HFSP) and The Department of Biotechnology (DBT) held at NII New Delhi, November 2024
2. Participated in the 5-Day Faculty Enrichment Programme (FEP) on “Cutting Edge Science in Cellular and Molecular Biomedicine” organized by Amity Institute of Molecular Medicine and Stem Cell Research, Amity University, Uttar Pradesh, Noida, India held from July 2021.
3. Participated in the Faculty Development Program (FDP) on Artificial Intelligence: Opportunities in Covid-19 Drug Development and Disease Management, Jointly organized by Amity University (Noida) and Mar Athanasios College for Advanced Studies Tiruvalla (MACFAST), Kerala, April 2021.
4. Participated in the Faculty Development Program in the International Symposium on Bioinformatics and Artificial Intelligence in COVID-19 Era and Beyond, Organized by Centre for Computational Biology & Bioinformatics, Amity Institute of Biotechnology, Amity University, Noida, Nov, 2020.

5. Participated in several Faculty Development Programs on Online Teaching, 2020-2021
6. Completed an International Teacher Training Course in Biotechnology organized by the British Council and University of Abertay Dundee, UK, August, 2003 at New Delhi.

CONTINUING MEDICAL EDUCATION (CME)

1. Attended an Advanced CME on Advances in Cancer Therapy, India-USA Cancer Moonshot Initiative jointly organized by NIH (USA) and DBT (India) held at NII, New Delhi, Aug 4-6,2024
2. Attended a CME (online) on Advances in Cancer Immunotherapy by Advancing Clinical Education (USA) on Oct. 13-19, 2023.
3. Attended a CME (online) on Virology Education, USA, the Netherlands on Lessons Learned from the Pandemic 2023. Redesigning Clinical care, Research & Public Health, Sept. 27-28, 2023.
4. Attended Mayo Clinic's CME on COVID-19 Variants, Disease, Prevention and Management, September, 2021.
5. Attended a CME on Approaches for Rapid Genomic Surveillance to Identify SARS-CoV-2 Variants organized by Labroots, June 2021.
6. Attended an International Workshop on COVID-19 Vaccine Development and Implementation 2021, European Accreditation Council for Continuing Medical Education, Netherlands, June 2021.
7. International Workshop On Innovations In Delivery Of HIV Care 2021, European Accreditation Council for Continuing Medical Education, Utrecht, Netherlands, June 2021.
8. Attended a CME on Structural Oncology- Fighting Cancer with Cryo-EM organized by Labroots, June 2021.
9. Attended a CME of Mayo Clinic on Black Fungus in the Indian Subcontinent: Prevention and Cure, organized by Mayo Clinic College of Medicine and Science, Rochester, MN, USA, June, 2021.
10. Attended a CME on Capture Life as It Happens- The New Leica Nano Workflow organized by Labroots, June 2021.
11. Attended a CME on Exploiting Digital Histology approaches to probe the Pathophysiology of SARS-CoV-2 infection organized by Labroots, June 2021.
12. Attended a CME on Interrogating mechanisms of tumor-specific T cell exhaustion and activity in pancreatic ductal adenocarcinoma organized by organized by Labroots, June 2021.
13. Attended a CME on Interrogating mechanisms of tumor-specific T cell exhaustion and activity in pancreatic ductal adenocarcinoma organized by organized by Labroots, June 2021.
14. Attended a CME on New Checkpoints and Biomarkers organized by Labroots, June 2021.
15. Attended a CME on Massively Parallel CRISPER genome Editing in *S. cerevisiae* organized by Technology Networks, May, 2021.
16. International CME On Covid-19 Clinical Forums 2021, European Accreditation Council for Continuing Medical Education, Netherlands, April 2021.
17. Attended 1-Day CME Program entitled "Highlights on COVID-19 Vaccinations" Organized by AI QASSIMI Hospital, UAE, Ministry of Health and Prevention, February 2021. 15. Attended International CME "Pamella Ohashi: Immunoregulation and the tumor microenvironment" organized by International Union of Immunological Society, February 2021.
18. International Virtual CME on Advances in Cancer Immunotherapy, organized by The Post Graduate Institute for Medicine, Colorado, USA, December 2020. International Workshop on Breast Cancer Genetics, Best of SABCS INDIA, New Delhi, March 2020.
19. Attended a CME: Immune profiling of hospitalized COVID-19 patients, organized by Labroots, November 2020.
20. Attended a CME presentation: Targeted Profiling of Critically ill SARS-CoV-2 Subjects: From Transcriptome to Proteome, organized by Labroots, November 2020

21. Attended an International CME “The Expanding Role of Next-Generation DNA-Sequencing (NGS) in PI Diagnosis and Clinical Microbiology-Part-II”, organized by Labroots, November 2020.
22. International Vaccine CME, entitled Preclinical and Clinical Development of ChAdOx1 nCoV-
23. 19 organized by Researcher Academy on Campus, University of Oxford, UK, September, 2020.
24. International Vaccine CME, entitled Vaccine Confidence: Implications for a Covid-19 Vaccine organized by Researcher Academy on Campus, London School of Hygiene and Tropical Medicine, UK, September, 2020.
25. Attended a CME: Single-cell virus sequencing of influenza infections that trigger innate immunity, organized by Labroots, September 2020.

Advanced Training/Workshops/participation

1. Attended a Conference cum Workshop (online) on Viral Genomics and Bioinformatics jointly organized by the Sanger Institute and Wellcome Genome Campus, Hinxton, Cambridge, U.K. Nov 6-8, 2024.
2. Attended an Advanced Workshop (online) on CRISPR Genome editing by Glostem, July 22-26, 2024.
3. Attended a Workshop (online) on Frontiers in Flow Cytometry by Thermo Fisher scientific & Wiley, Oct. 13, 2023.
4. Successfully completed the training program on “Working in BSL-III laboratory and Practices for handling *M. tuberculosis* organized by the Biosafety level-III Facility”, UDSC, a National Facility supported by DBT from March 22nd -28th 2021.
5. Received a Hands-on Training in Gene Editing and Phage Therapy workshop jointly organized by the Department of Biotechnology and IARI New Delhi Feb 18-20, 2020.
6. Successfully completed the Winter School on Cancer Immunity conducted by the SITC at MD Anderson Cancer Centre, Houston, USA Jan 13-17, 2020.
7. Attended the second International Workshop on Cancer Immunotherapy and Gene Therapy at the India Habitat Center, New Delhi Jan 11, 2020.
8. Attended the Hands-on Training on the Recent Advances in Immuno-Proteomics held at CSIRIGIB, Delhi Aug 29 -30, 2019.
9. Successfully completed the Workshops on Cancer Immune Responsiveness and Adoptive Cellular Therapies organized by The Society of Immunotherapy of Cancer (SITC) at MD Anderson Cancer Centre, Houston USA, Sep 4-6, 2019.
10. Attended an International Symposium cum Workshop on Advances in Immunomics and Immune Oncology, held at the India Habitat Centre New Delhi, Jan 30, 2019.
11. Participated in an International Workshop on Cancer Immunotherapy from Lab to Clinic organized by the Delhi Tumor Board held at Pride Plaza, Aerocity, New Delhi Jan 12, 2019.
12. Attended IMMUNOCON 2018, an International Meeting on Immunotherapy & Advances in Immunology at the Translational Health Science and Technology Institute Nov 1-3 2018.
13. Successfully completed a training in the International Workshop on Viruses and RNAi held at the International Centre for Genetic Engineering and Biotechnology New Delhi in October 2018.
14. Attended the 14th Indo-Australian Biotechnology Conference cum Workshop with the theme on Emerging Modalities to Improve Cancer Outcomes held at the TATA Memorial Centre – Advanced Centre for Treatment, Research and Education in Cancer, Navi Mumbai 22-23 Oct 2018.
15. Attended a workshop on Malaria Parasite Biology: Strategies for Drug and Vaccine Development, Organized by ICGEB, New Delhi and Institut Pasteur, Paris, France Dec. 2017
16. Participated in 2 workshops conducted by the National Cancer Institute USA and AIIMS, New Delhi, India on Translational Oncology and role of Molecular Biology Applications in Human Health and Disease (Aug 2017) and Integrative Oncology Workshop (Nov 2017). Also attended 2

International Conferences organized subsequently on Gynecological and Head & Neck Cancer at AIIMS.

17. Attended a National Conference cum Workshop on Advancement in Immunology, Jointly Organized by V.P. Patel Chest and Indian Immunological Society, 12- 13 Oct. 2017.
18. Successfully completed an international Workshop on Update & New Concepts in Basic & Translational Immunology and another on Metagenomics (Sep 2017)
19. Successfully completed Immunology Workshop on Update and New Concepts in Basic and Translational Immunology, conducted by an international faculty of renowned immunologist including Prof. Abul K. Abbas, University of California, San Francisco, USA, 8th September, 2017.
20. Successfully completed three-day Workshop on Fundamentals of Radiological Source Security, organized jointly by The King's College, London, UK and Delhi Technological University, Delhi, 4th-6th September, 2017.
21. Participated as invited faculty in Workshop on Updates in Management of Gynaecological Cancer organized by the National Cancer Institute, USA and AIIMS India, 5th-6th August, 2017.
22. Participated in Workshop on Translational Oncology and Role of Molecular Biology Application in Human Health and Disease jointly conducted by National Cancer Institute, USA and AIIMS India, 4th August, 2017.
23. Participated in International Conference on Drug Design, organized by Schrodinger at Jawaharlal Nehru University, New Delhi 7th-9th April, 2017.
24. Attended The International Meeting cum Workshop on Proteomics and 3rd Meeting of Asia Oceania at National Institute Of Plant Genomic Research, New Delhi December 12th -13th 2016
25. Participated in the Practical Training Workshops conducted by the Asian Clinical Oncology society at New Delhi-
 - i. Lymphoma Workshop, April 8th 2016
 - ii. Workshop on Molecular Diagnostics in Lung Cancer, April 9th 2016
 - iii. Workshop on Practical Applications of Molecular Diagnostics in Oncology, April 10th 2016
26. Attended an International Symposium cum Workshop on T.B. jointly organized by AIIMS and The American Society of Microbiology in March 2016.
27. Participated in International Workshop on Cancer Awareness, Prevention, Screening and Early Detection; jointly organized by Union for International Cancer Control, Geneva and Delhi State Cancer Institute. Feb 2016.
28. Attended a practical training program on Functional Analysis of Pathogens held at Centre for Advanced Faculty Training, IARI, Jan 2016.
29. Attended the Seventh International Conference cum Workshop on *Bacillus anthracis*, *B.cereus* & *B. thuringiensis* jointly organized by The American Society for Microbiology, CDC,USA and JNU.Oct. 2015
30. Attended the 52nd International Translational Research Conference cum Workshop on Cancer by Delhi State Cancer Institute in association with M.D. Anderson Cancer Research Centre, USA from 6th-9th Feb, 2014 at Vigyan Bhawan, New Delhi
31. Participated in the Indo-US Flow Cytometry Workshop at Medanta, the Medicity, Gurgaon, Oct. 2013
32. Attended an International Symposium cum Workshop on Infections and Cancer from 13th-16th February 2013 organized by Dr. B.R. Ambedkar, Center for Biomedical Research, University Of Delhi
33. Attended the International Alexander Von Humboldt Kolleg workshop on the Management of Water, Energy, Bio resources in the Changing Climate Regime and Emerging Issues and

- Environmental Challenges on 9th February 2013 at the Convention Center, JNU, New Delhi
34. Attended the American Society for Microbiology workshop on Scientific Writing and Publishing on 6th February, 2013 at SVC, University of Delhi
 35. Participated in the workshop on Flow Cytometry and Q-PCR: Principles and Clinical Applications at Amity Institute of Virology & Immunology, Amity University, 27th – 28th September, 2012.
 36. Attended an International Workshop on 1st Global Forum on Bacterial Infections Balancing Treatment Access and Antibiotic Resistance held on 3rd – 5th Oct, 2011 at the India Habitat Centre, New Delhi.
 37. Presented two training lectures entitled Immunological Assays of Viruses by ELISA Dot Immuno binding Assays of Viruses' in the International Association of Medical Pharmaceutical Virologists Conference on March 3-5, 2011 held at V.P. Chest institute, Delhi University.
 38. Attended an Indo-US Conference cum Workshop on Modern Trends in Macromolecular Structures jointly organized by Cornell University USA and IIT Bombay, Mumbai, 21-24, Feb. 2011.
 39. Attended an International Workshop on Gemini virus Genome and its Impact on RNAi by Plant Molecular Biology Group, International Centre for Genetic Engineering and Biotechnology, New Delhi, India from November 9-21, 2009.
 40. Participated in International Training Workshop on Molecular Taxonomy of the Symbiotic Fungi held at School of Life Sciences, JNU, New Delhi, India from December 1-21, 2003.
 41. Undergone Advanced Training on Characterisation of Viruses and Diagnosis of Viral Diseases of Plants, June 6-July 3, 2001 held at the Advanced Centre for Plant Virology at I.A.R.I, New Delhi.

Contribution towards Development of MOOCs

1. VIRUS, SWAYAM, CEC-UGC, 2021 for PG
2. SUB-VIRUS AGENTS, SWAYAM, CEC-UGC, 2021 for PG

Membership/Fellowship of Learned bodies

1. American Association of Cancer Research
2. International Society of Medical and Pharmaceutical Virologists
3. World Society of Virology
4. American Society of Microbiology
5. Society of Immunotherapy of Cancer, USA
6. Immunological Society of India
7. Indian Virological Society
8. Association of Microbiologists of India
9. Indian Phytopathological Society

Add-On Courses

1. Development and teaching of an Add-on Course on Environmental Biotechnology which was conducted for 3 years (2005-2008).
2. Served as a Resource Person for Cancer Add-On Course organized by Zoology Department, Swami Shraddhanand College, University of Delhi.
3. Development and teaching of an Add-on Course on Computational Biology & Bioinformatics by Swami Shraddhanand College, University of Delhi and Bhartiya Vidyapeeth, Pune

Achievements and Honors

- Awarded the Golden Oration Award for Research and Education in Microbiology and for popularizing Mushroom Biology in 2024.
- Assumed a position of the Editor of Mushroom Chronicles. It is a Bi-monthly journal published jointly by Growdiesel Climate Council and the University of Delhi with effect from 2023.
- Awarded the Department of Biotechnology (Government of India) Research Award for conducting Research on Genetic Engineering for Virus Resistant Plants, 2000.
- Awarded the University Grants Commission Visiting Professorship Award in 1994 for presenting Research work and building collaborations with Universities in Australia and Singapore.
- Awarded the DAAD fellowship of German Academic Exchange and Government of India for conducting Post Doctoral Research in the field of Molecular Biology and Biotechnology at the University of Hamburg, Germany 1991-1993.
- Awarded the Department of Science and Technology, Government of India Travel Award for Research at the University of Guelph, Canada, 1990.
- Awarded the prestigious Young Scientist Award of the Indian Science Congress for Outstanding Research, 1990.
- Awarded the coveted M J Narasimhan Award of Indian Phytopathological Society for outstanding Research, 1989.
- Awarded the Senior Research Fellowship for Doctoral Research 1984.
- Awarded the Junior Research Fellowship award for Masters Program 1982
