WORLD BICYCLE DAY

- On the occasion of World Bicycle Day on 3rd June 2023, our National Service Scheme (NSS) unit of Swami Shraddhanand College has organised a poster-making event in which volunteers actively participated and created a series of wonderful posters to commemorate the day. The objective of this initiative was to raise awareness about the **Significance of Bicycles**.
- Following the poster-making activity, the volunteers took part in a rally in the adopted village of Alipur. The primary purpose of the rally was to spread awareness and deliver a strong message to the local community regarding the numerous benefits associated with using bicycles as a mode of transportation.

Swami Shraddhanand College University of Delhi

By organizing this rally, our NSS unit aimed to highlight the importance of bicycles in promoting **sustainable and eco-friendly transportation options**, improving physical and mental health, and fostering a sense of community. The event served as a platform to encourage individuals to embrace cycling as a viable means of commuting and to adopt a healthier and greener lifestyle.

- Following the rally, the volunteers actively participated in a fun-filled activity known as "**Slow Cycling**" on World Bicycle Day. The concept of Slow Cycling involves cycling at a leisurely pace, emphasizing balance, control, and relaxation rather than speed. By engaging in this activity, the volunteers not only had a great time but also further highlighted the joy and versatility of cycling as a mode of transportation.
- This engaging activity served as an enjoyable way to conclude the event.
