## Swami Shraddhanand

Swami Shraddhanand, also known as Mahatma Munshi Ram Vij, was an influential Indian Independence activist and a dedicated sanyasi of Arya Samaj. He ardently propagated the teachings of Dayananda Saraswati, focusing on various endeavors such as establishing educational institutions like Gurukul Kangri University. Additionally, he played a pivotal role in the Sangathan (consolidation and organization) and Shuddhi (re-conversion) movements, which aimed to reform Hindu practices during the 1920s. Born on 22 February 1856 in Talwan, a village located in the Jalandhar District of the Punjab Province in India, he was the youngest child of Lala Nanak Chand. During his tenure as a Police-Inspector in the United Provinces (now Uttar Pradesh), he served under the administration of the East India Company. In 1917, he embraced sanyas.

In 1902, he established a reputed Gurukul in Kangri, India, located near Haridwar. This institution eventually evolved into the renowned Gurukul Kangri University. However, in 1917, he left his role at Gurukul to actively participate in the Hindu reform movements and the struggle for Indian Independence. Sadly, his illustrious life was tragically cut short on 23 December 1926 when he was assassinated by a man named Abdul Rashid. Today, the "Swami Shraddhanand Kaksha" at the archaeological museum of Gurukul Kangri University in Haridwar commemorates his life through a captivating photographic journey. Following India's independence, a statue of Swami Shraddhanand was erected in front of Delhi Town Hall, symbolically replacing the statue of Queen Victoria. This gesture honored his significant contributions to the nation and served as a reminder of his unwavering dedication to the cause of freedom and reform.

### **About the Institute**

Swami Shraddhanand College, affiliated with Delhi University, operates under the governance of the Delhi Government. This esteemed educational institution follows a co-educational approach and provides comprehensive instruction in various disciplines at both undergraduate and post-graduate levels. Nestled in the serene surroundings of North Delhi, the College proudly celebrates its remarkable 56 years of existence. What started humbly in the premises of Gandhi Ashram in Narela has now blossomed into one of the premier establishments. The College boasts a highly qualified faculty, well-equipped laboratories, and a well-stocked library to facilitate learning and academic growth.

The campus of Swami Shraddhanand College encompasses expansive playgrounds, offering excellent opportunities for budding sports enthusiasts and athletes to engage in a wide range of games and sports, honing their skills and capabilities. The College also extends scholarships and freeships to deserving students, recognizing and supporting their academic endeavors. Acknowledging the merit and accomplishments of students in both academic and extracurricular activities, the College presents awards and prizes to celebrate their achievements.

The student societies and associations play a pivotal role in enhancing the academic environment of the College and fostering skill development. Each subject at the College has its own society, designed to stimulate students' interests in the respective field and establish its relevance to society at large. These societies and associations organize lectures, seminars, exhibitions, and various other programs and activities to make the subjects more captivating and aligned with the needs of society.

Swami Shraddhanand College stands as a testament to academic excellence, providing a nurturing environment for students to grow intellectually, athletically, and socially, while also encouraging their active participation in shaping a brighter future.

## **Disciplinary Control and Academic Regulations Discipline**

The Proctorial Board and Anti-Ragging Committees play a crucial role in fostering a healthy and safe environment within the college. These committees are dedicated to addressing student concerns and have the authority to adjudicate cases involving breaches of discipline. It is important for students to be aware that the following behaviors will be considered as disciplinary infractions:

1. Neglecting assigned tasks and class work.
2. Disrupting classes and causing disturbances.
3. Showing defiance towards teachers or any other college authority.
4. Engaging in misconduct within the classroom, leading to damage to furniture or college property.
5. Inciting others to create trouble or engage in disruptive activities.
6. Shouting and loitering on the college premises.
7. Leaving classes without permission.
8. Smoking or drinking within the college premises.
9. Diverting buses from their designated routes is a severe offense and will result in strict disciplinary action, which may include expulsion from the college.
10. Ragging in any form is strictly prohibited as per the University of Delhi Ordinance XV-C, which states:
  - Ragging in any form is strictly prohibited within the premises of the college and any part of the university system as well as on public transport.
  - Any individual or collective act or practice of ragging constitutes gross indiscipline and shall be dealt with severity under this ordinance.
  - Ragging ordinarily means any act, conduct, or practice by which dominant power or status of senior students is brought to bear on students freshly enrolled or students who are in any way considered junior or inferior by other students and includes individual or collective acts or practices which:
    - (a) involve physical assault, threat, or use of physical force;
    - (b) violate the status, dignity, and honor of women students;
    - (c) violate the status, dignity, and honor of students belonging to the Scheduled Castes and Tribes;
    - (d) expose students to ridicule and contempt that affect their self-esteem;
    - (e) entail verbal abuse and aggression, indecent gestures, and obscene behavior.

## **Internal Complaints Committee to deal with instances of Sexual harassment**

The Internal Complaints Committee (ICC) is constituted as per the UGC Prevention, Prohibition, and Redressal of Sexual Harassment of Women Employees and Students in Higher Educational Institutions Regulations, 2015. The above Regulations are based on the Government of India's Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013. In compliance with the UGC statutes regarding measures for ensuring the safety of women and Programmes for Gender Sensitization on Campus, the ICC is committed to a zero-tolerance policy towards sexual harassment and strives to create a campus free from discrimination, harassment, or sexual assault at all levels.

## **College working hours**

## DEPARTMENTAL PROFILE AND FACULTIES

### Principal

Prof. (Dr.) Parveen Garg

## FACULTY OF ARTS AND HUMANITIES

### Department of Economics

The Department of Economics, an integral part of Swami Shraddhanand College since its establishment in 1967, has played a pivotal role in the institution's academic structure. In addition to offering core courses and discipline-specific electives for B.A. (Program) students, the department provides a wide range of interdisciplinary options through Generic Elective and Skill Enhancement Courses. These offerings aim to cultivate students' interest in current affairs and the policy-making process of the Indian economy. The Department of Economics actively participates in various academic and extracurricular activities within the college. It organizes talks and seminars at both national and regional levels, fostering an environment conducive to intellectual growth and knowledge exchange. Faculty members in the department encourage a blended learning approach, incorporating a thoughtful combination of traditional, modern, and innovative teaching methods. This ensures that students receive a comprehensive and engaging educational experience in the classroom.

The Department of Economics at Swami Shraddhanand College remains committed to nurturing students' understanding of economic principles, current issues, and their implications. By offering a diverse range of courses and engaging in academic activities, the department prepares students to navigate the complexities of the global economy and contribute to informed decision-making processes.

## **FACULTY OF SCIENCE-**

### **Department of Botany**

The Department of Botany was established in 1967, and in 1989, the Honours course was introduced, marking a significant milestone in its academic journey. Renowned for its unwavering commitment and relentless pursuit of excellence in the teaching-learning process, the department maintains exceptional standards. The faculty members are experts in various specialized fields, including Taxonomy, Mycology, Biotechnology, Genomics, Nanotechnology, Plant Physiology, Pharmacology, and Tissue Culture. Their dedication to excellence ensures a rich and comprehensive learning experience for students. To enhance the dissemination of knowledge in an effective manner, the department utilizes a range of audio-visual aids such as demo-videos, short documentaries, models, pictures, and PowerPoint presentations. These resources contribute to a dynamic and engaging learning environment. The department houses three well-equipped laboratories, complete with projectors, a preparation room, a central facility instrumentation room, and a Botanical Garden. These facilities provide students with practical hands-on experience and ample opportunities for experimentation and research. The faculty members in the department are highly regarded for their approachability and willingness to support students. They go above and beyond to provide guidance and assistance, ensuring a nurturing and conducive learning environment. The department takes pride in its alumni, who have embarked on successful careers in Botany and beyond, serving as a testament to the quality education and training provided by the department.

The Department of Botany remains dedicated to fostering academic excellence, encouraging scientific inquiry, and nurturing the growth and success of its students.

### **Department of Chemistry**

Established in 1967, the Department of Chemistry boasts a highly qualified and esteemed faculty. Currently, the department is dedicated to imparting knowledge to students enrolled in various programs, including B.Sc. (Hons.) Chemistry, B.Sc. (Prog.) Physical Sciences, B.Sc. (Prog.) Life Sciences, B.Sc. (Prog) Applied Life Sciences-Agrochemicals and Pest Management, and B.Sc. (Hons.) from other science courses. To facilitate comprehensive practical training, the department features five well-equipped laboratories. These labs are furnished with state-of-the-art equipment, ensuring students have access to modern tools and resources for conducting experiments and gaining hands-on experience. In addition, the department takes pride in its exclusive instrumentation lab, which houses advanced instruments and is supported by a skilled team of laboratory staff who provide expert guidance and assistance. The Department of Chemistry is committed to delivering quality education and fostering a vibrant learning environment. With its dedicated faculty and well-equipped facilities, the department strives to inspire and nurture the scientific curiosity of students while equipping them with the necessary skills for their academic and professional journeys.

### **Department of Computer Science**

The Department of Computer Science holds a vital position within the institution, adapting dynamically to the ever-evolving landscape of technology and research in the field of IT. Established in 2004, the department offers a range of programs, including B.A. (P) Computer Applications, Generic Elective, and Skill Enhancement Courses for interdisciplinary courses such as B.Sc. (H)/B.A. (P)/B.A. (H)/B.Com (P). Additionally, from 2013 to 2017, the department successfully taught the FYUP B.Tech. (Computer Science) program. The department focuses on key areas such as data science, internet applications, multimedia information, and the development of advanced large-scale software systems. It conducts extensive research on information and intelligence technology, often exploring interdisciplinary approaches. To support these endeavors, the department maintains four modern computer labs, which provide students with hands-on experience and access to cutting-edge technology. The classrooms and labs are well-equipped, fostering a conducive environment for effective teaching and learning. Additionally, high-speed internet connectivity ensures seamless access to online resources.

The Department of Computer Science remains committed to staying at the forefront of technological advancements and conducting groundbreaking research. With its robust infrastructure and interdisciplinary approach, the department continues to nurture the growth and development of students pursuing computer science, empowering them to thrive in the ever-expanding realm of IT.

#### **Faculty Members:**

Dr. Meera Sharma, Professor (**Teacher-in-Charge**)  
Ms. Akanksha Gupta, Assistant Professor

### **Department of Environmental Studies**

The Department of Environmental Studies was introduced in 2015. Environmental Education being a mandatory subject considered as a compulsory course at the undergraduate level for inculcating the moral and ethical values required for the conservation and restoration of the environment. It aims to enhance knowledge about the present environment and related problems, enriching critical thinking for environmental protection, conservation of biodiversity, environmental equity, and sustainable development. The department is committed to the holistic development of the students by imparting practical knowledge about the recent trends in green technologies. The environmental education at the professional level is helpful in nurturing of positive attitude towards the environment which will encourage or motivate the students for sustainable utilization of resources and move them towards eco-friendly activities. Besides the basic Environment course, the department offers various skill-based and value addition courses related to the environment subject. The faculty members of the department are highly learned personalities and are very supportive. The department ensures quality education with excellence in the teaching-learning process required for the holistic development of students.

### **Department of Mathematics**

Mathematics plays a crucial role in diverse fields and disciplines, serving as a powerful tool for problem-solving in science, engineering, economics, and more. It offers a structured approach to building mental discipline and fosters logical reasoning skills. At the Department of Mathematics, we offer a range of interdisciplinary courses to students pursuing B.Sc.(Hons.), B.Sc. (Prog.), B.A. (Hons.), and B.A. (Prog.). Our department is dedicated to providing students with a comprehensive understanding of mathematical concepts and their practical applications. We recognize the importance of hands-on learning, which is why we have established a well-equipped Mathematical Lab. This facility offers students the opportunity to engage in real-time analysis and practical applications of mathematical theories. Through experiential learning, students gain a deeper appreciation for the relevance and utility of mathematics in various fields. Our experienced faculty members are committed to creating an engaging learning environment, where students can develop their mathematical skills and problem-solving abilities. They provide guidance and support, ensuring that students receive a solid foundation in mathematics and are equipped with the necessary tools to excel in their chosen disciplines. By offering interdisciplinary courses and practical learning experiences, the Department of Mathematics at our college strives to prepare students for the challenges of the modern world. Whether it's understanding complex equations, analyzing data, or developing logical thinking, mathematics plays a vital role in shaping their academic and professional journeys.

### **Department of Microbiology**

In 1987, the Department of Microbiology was established at Swami Shraddhanand College, marking a significant milestone as the first college of the University of Delhi to offer an honors course in Microbiology at the undergraduate level. Since its inception, the department has been dedicated to fostering excellence in the field of Microbiology. Our department is home to a highly qualified faculty, with extensive research experience from renowned institutes in India and abroad. Their expertise and dedication enrich the academic environment and contribute to the global research standard in Microbiology. We take pride in our faculty members' accomplishments and their ongoing efforts to mentor and guide our students. With two well-equipped laboratories, the department ensures that students have access to state-of-the-art equipment and facilities necessary for practical training and research. These facilities are designed to meet global research standards, empowering our students to explore and contribute to the field of Microbiology. Our department's success is reflected in the achievements of our esteemed alumni and current students. They have consistently excelled in their endeavors, bringing accolades to the department and making significant contributions to world-class research that benefits humanity. Their accomplishments inspire and motivate both faculty and students to strive for excellence and pursue innovative research in the field.

### **Department of Physical and Sports Education**

The Department of Physical and Sports Education at our college holds a distinguished position among the esteemed departments of Delhi University. Over the years, our sportsmen have showcased remarkable performances, upholding the college's legacy in various sports disciplines such as cricket, baseball, ball badminton, softball,

kabaddi, and wrestling. Under the expert guidance and mentorship of our dedicated teachers, our sportsmen have consistently excelled in their respective fields. Their achievements are a testament to their hard work, passion, and the comprehensive training provided by the department. We take immense pride in the accomplishments of our cricket players, many of whom have earned recognition beyond the college level. Several players from our college team have been selected to represent India at the prestigious India A team, the Indian Cricket Team (U-19), and even in the Indian Premier League (IPL). These achievements serve as a source of inspiration for our current and future sports enthusiasts, motivating them to strive for excellence in their chosen sports. The Department of Physical and Sports Education remains committed to nurturing talent, providing quality training, and encouraging our students to pursue their sporting dreams.

Mr. Mohit Rana, Assistant professor

**Department of Physics**

The Department of Physics at Swami Shraddhanand College was established in 1980, initially offering the B.Sc. (General) Physical Sciences course. In 1997, the department introduced the B.Sc. (Honors) Physics course. Each year, approximately 40 students enroll in the B.Sc. (Hons) Physics program, while over 110 students join the B.Sc. Physical Sciences program. Presently, the department boasts a team of more than ten highly qualified faculty members, accompanied by an equally skilled technical staff. These faculty members engage in both fundamental and advanced research, delving into contemporary subjects within science disciplines such as material and condensed matter physics, high energy physics, plasma physics, and theory and computational physics. To ensure adequate space for practical work, the department provides four well-equipped and spacious laboratories. This allows all students to have ample room to carry out their experiments and gain hands-on experience. The students who graduate from our department consistently secure admissions to highly esteemed institutions and have established themselves as accomplished professionals on the global stage. Their success serves as a testament to the quality education and rigorous training provided by the Department of Physics at Swami Shraddhanand College.

**Department of Zoology**

Since its establishment in 1967, the department has played a vital role in the college's academic fabric. Alongside offering an Honours course in Zoology, the dedicated faculty members also educate students pursuing B.Sc. (Prog.) Life Sciences and B.Sc. (Prog.) Agrochemicals and Pest Management in the subject. The department is committed to imparting comprehensive knowledge about diverse facets of animal sciences. With a team of highly qualified faculty members and laboratory staff members, the department ensures a conducive learning environment. Equipped with four well-appointed laboratories, students have ample resources to conduct a wide range of experiments and practical work. The department's focus lies in providing students with hands-on experience and fostering their understanding of animal sciences. Through rigorous academic pursuits, the department aims to nurture students' curiosity, critical thinking, and research skills. The faculty members are dedicated to sharing their expertise and guiding students on their academic journey. By offering valuable insights and conducting practical sessions, the department aims to instill a deep appreciation for the intricate world of animals.

**Office Management and Secretarial Practices (OMSP)**

The Department of Office Management and Secretarial Practices was established in 1985 with the objective of providing vocational training to students. The department's primary goal is to empower students with the skills and knowledge required to excel in secretarial and managerial roles across various sectors, be it public or private organizations. Through its comprehensive curriculum, the department equips students with the necessary competencies to become proficient professionals. Students receive specialized training in areas such as office management, administrative tasks, communication, and organizational skills. By emphasizing practical learning and real-world applications, the department prepares students to confidently navigate the demands of the professional world.

**FACULTY OF COMMERCE****Department of Commerce**

Since its establishment in 1967, the Department of Commerce has been at the forefront of academic exploration, constantly seeking new avenues for knowledge and innovation. Over the span of several decades, the department has successfully fulfilled its mission of imparting education in the field of commerce. Renowned as a premier faculty for course curriculum development, teaching, and research in the discipline, the Department takes great pride in its contributions to the field of commerce. At the undergraduate level, the Department offers two programs: B.Com. (Hons) and B.Com. (Prog). These programs are designed to provide students with a comprehensive understanding of commerce and its various facets. To ensure a seamless teaching-learning process, the department boasts a highly experienced faculty who bring their expertise and passion to the classroom.

Students in the department are provided with valuable resources and facilities to support their academic journey. This includes access to a well-equipped computer lab, where they can utilize technology to enhance their learning experience. The college library is also readily available, offering a vast collection of books, journals, both online and offline, catering to various specializations within the commerce and business domains. The Department of Commerce remains committed to fostering a dynamic learning environment, empowering students with knowledge and skills to excel in the world of commerce. With its dedicated faculty, comprehensive programs, and access to top-notch facilities, the department continues to pave the way for excellence in commerce education.

### **Library**

The library is a dynamic and progressive institution that fosters a culture of learning and growth. It promotes a sense of dedication among students, actively contributes to national development, and values diversity in religion, language, culture, ethnicity, lifestyle, and habitat. Students are encouraged to utilize the library's resources and services to enhance their educational journey. The library warmly welcomes all regular students of the college during office hours, providing them with a conducive environment for study and research. As a core mission, the library endeavors to support the educational and research programs of the college by offering both physical and intellectual access to a wide range of information resources. Aligned with the university's objectives, the library aims to curate a comprehensive collection of documents that cater to the diverse needs of its readers. These resources encompass various formats such as books, journals, periodicals, digital materials, and other relevant sources. By continually expanding its collection, the library ensures that students have access to the latest and most relevant information for their academic pursuits.

In addition to building a robust collection, the library actively promotes information literacy and research skills among its users. It provides guidance and assistance in locating, evaluating, and effectively utilizing information resources. Through workshops, seminars, and one-on-one interactions, the library cultivates a culture of critical thinking and independent learning. The library's commitment extends beyond the confines of its physical space. It embraces emerging technologies and digital platforms to enhance access to information, keeping pace with the evolving needs of students and researchers. By providing seamless digital access to resources, the library ensures that students can explore and engage with knowledge anytime, anywhere.

## National Education Policy (NEP) 2020

An education system rooted in Indian ethos that contributes directly to transforming India, that is Bharat, sustainably into an equitable and vibrant knowledge society, by providing high-quality education to all, thereby making India a global knowledge superpower.

The curriculum and pedagogy of our institutions must develop a deep sense of respect towards the fundamental duties and Constitutional values, bonding with one's country, and a consciousness of one's roles and responsibilities in a changing world. To instill a deep-rooted pride in being Indian, not only in thought, but also in spirit, intellect, and deeds, as well as to develop knowledge, skills, values, and dispositions that support responsible commitment to human rights, sustainable development, and living, and global well-being, thereby reflecting a truly global citizen.

The aim will be to increase the Gross Enrolment Ratio in higher education including vocational education from 26.3% (2018) to 50% by 2035. The policy envisages a broad-based multi-disciplinary holistic education at the undergraduate level for integrated, rigorous exposure to science, arts, humanities, mathematics, and professional fields having imaginative and flexible curricular structures, creative combinations of study, integration of vocational education, and multiple entry/exit points. A holistic and multidisciplinary education will help develop well-rounded individuals who possess critical 21<sup>st</sup>-century capacities in fields across the arts, humanities, languages, sciences, social sciences, and professional, technical, and vocational fields; an ethic of social engagement; soft skills, such as communication, discussion, and debate; and rigorous specialization in a chosen field or fields. Such a holistic education shall be, in the long term, the approach of all undergraduate programs, including those in professional, technical, and vocational disciplines.

The undergraduate degree will be of either 3 or 4-year duration, with multiple exit options within this period, with appropriate certifications- a certificate after completing 1 year in a discipline or field including vocational and professional areas, or a diploma after 2 years of study, or a Bachelor's degree after a 3-year program. The 4-year multidisciplinary Bachelor's program shall be the preferred option since it allows the opportunity to experience the full range of holistic and multidisciplinary education in addition to a focus on the chosen major and minors as per the choices of the student. An Academic Bank of Credit (ABC) shall be established which would digitally store the academic credits earned from various recognized HEIs so that the degrees from an HEI can be awarded taking into account credits earned.

A number of initiatives will be taken to ensure optimal learning environments are created that are engaging and supportive, and enable all students to succeed. All institutions and faculty will have the autonomy to innovate on matters of curriculum, pedagogy, and assessment within a broad framework of higher education qualifications that ensures consistency across institutions and programs and across the ODL, online, and the traditional 'in-class' modes. HEIs shall move to a criterion-based grading system that assesses student achievement based on the learning goals for each program, and also move away from high-stakes examinations towards more continuous and comprehensive evaluation.

Universities and colleges will set up high-quality support centers and will be given adequate funds and academic resources to encourage and support students from socio-economically disadvantaged backgrounds. Professional academic and career counseling will be available to all students, as well as counsellors to ensure physical, psychological, and emotional well-being.

The following objectives of NEP are kept in perspective while framing UGCF:

1. To promote each student's holistic development in both academic and non-academic spheres.
2. To provide flexibility to students so that learners have the ability to choose their learning trajectories and programs, and thereby choose their paths in life according to their talents and interests.
3. To eliminate harmful hierarchies among disciplines/fields of study and silos between different areas of learning; multidisciplinary and holistic education to ensure the unity and integrity of all knowledge.
4. To promote creativity and critical thinking and to encourage logical decision-making and innovation; to promote ethics and human & Constitutional values
5. To promote multilingualism and the power of language in learning and teaching.
6. To impart life skills such as communication, cooperation, teamwork, and resilience.
7. To promote outstanding research as a corequisite for outstanding education and development.
