### **About the NIDM**

The National Institute of Disaster Management (NIDM) was constituted under an Act of Parliament with a vision to play the role of a premier institute for capacity development in India and the region. The efforts in this direction that began with the formation of the National Centre for Disaster Management (NCDM) in 1995 gained impetus with its redesignation as the National Institute of Disaster Management (NIDM) for training and capacity development. Under the Disaster Management Act 2005, NIDM has been assigned nodal responsibilities for human resource development, capacity building, training, research, documentation and policy advocacy in the field of disaster management. Both as a national Centre and then as the national Institute, NIDM has performed a crucial role in bringing disaster risk reduction to the forefront of the national agenda. The Institute believes that disaster risk reduction is possible only through promotion of a "Culture of Prevention" involving all stakeholders. The Institute works through strategic partnerships with various ministries and departments of the central, state and local governments, academic, research and technical organizations in India and abroad and other bi-lateral and multi-lateral international agencies. NIDM is proud to have a multi-disciplinary core team of professionals working in various aspects of disaster management. In its endeavour to facilitate training and capacity development, the Institute has state-of-the-art facilities like class rooms, seminar hall and video-conferencing facilities etc. The Institute has a well-stocked library exclusively on the theme of disaster management and mitigation. The Institute provides training in face-to-face, on-line and self-learning mode as well as satellite-based training. In-house and off-campus face-to-face training to the officials of the state governments is provided free of charge including modest boarding and lodging facilities. NIDM provides Capacity Building support to various National and State level agencies in the field of Disaster Management & Disaster Risk Reduction. The Institute's vision is to create a Disaster Resilient India by building the capacity at all levels for disaster prevention and preparedness.

### **About the SSN**

Swami Shradhanand College, a constituent College of Delhi University, is run under the trusteeship of Delhi Govt. It is a co-educational institution and imparts instructions in various subjects at both undergraduate and post-graduate levels. Situated in the sylvan ambience of North Delhi, the College has completed 46 years of its existence. From the humble beginning in the Gandhi Ashram building in Narela, the college is now one of the premier institutions of Delhi University. It is equipped with qualified teaching staff, specialized laboratories and adequate library facilities.

### **About the SED INDIA**

Society for Environment and Development, (India) popularly known as "SEDINDIA" was founded as a non-government, non-profit, consultancy and research organization. SEDINDIA is registered as a society under the Societies Registration Act XXXI of 1860. The SEDINDIA is an interdisciplinary research organization and it is dedicated for environmental, social and developmental issues. As scientists and social scientists, economists and engineers all have their significant role to play to find sustainable solutions for environmental issues and socio-economic development. SEDINDIA has succeeded in establishing a platform for interdisciplinary research.

The college faculty is dedicated towards growth and development of the institution academically and administratively to constantly thrives for excellence. Hansarians have been placed in diverse professions and services worldwide and are bringing fame and laurels to the institution.

### **About Malaviya Mission Scheme:**

The Ministry of Education (MoE) has sought to strengthen synergy between HRDCs and PMMMNMTT centres to meet the objective of NEP 2020, keeping in view the optimal utilisation of infrastructure, financial, and human resources. The scheme has been designed to implement some of the recommendations and aims of the policy, which suggests imperative changes to invigorate the prevalent higher education system and thereby deliver high-quality higher education, with equity and inclusion. This scheme also aims to implement the recommendations of NEP viz. to improve the quality of teaching at all levels and in all domains; to focus on equity and inclusion in higher education; promote online and digital education; ensure equitable use of technology; promote Indian language and culture; develop basic infrastructure facilities; create awareness about gender sensitisation; include vocational education in the curriculum; develop leadership and management skills; create pool of mentors and pedagogic experts; and promote research and multidisciplinary education.
